

Memo 5 – General Manager

Subject: New Paint Booth Info

From: Scott Apple, General Manager

Just received the final quote for the new paint booth we are installing, **the PaintTech FireStorm V2**, at **\$80000**.

No new plumbing will need to be installed so we will not be needing a plumbing permit this time.

Since this is a larger paint booth, I predict that **installation** costs will be **proportionately** higher.

Best,
Scott
